

There are billions of people around the world, each giving energy to old patterns. The past has become our future. There are pieces of ourselves or our family stuck in the past.

You become a vibration of all things - balance. No separation - Oneness. Becoming Clear Light or invisible to polarity.

All the past is collapsing onto the moment or onto ourselves. No Longer needing the past to define us.

Most of us leave our bodies - remaining outside ourselves, watching our life experiences.

Do Not Know How To Create Without Limitations

Our Future Is No Longer Linear

We No Longer Know Who We Are Based On Our Past

We Are More Than Our Past

Instantaneous Creation Is Possible When We Are In The Moment

We are moving into instantaneous creation.

Have a thought - it becomes real. We are almost there.

Each vibration has its' own color or feeling/emotion

If there is no longer a past - Is there a future based on the past?
It changes the Akashic records. Our past no longer defines us.
We are more than our past.

THESE ARE VIBRATIONS OR MIXED EMOTIONS

We pick our parents based on the vibration (color) that reflects our past.

We have re-created what we did not understand or this is where there are pieces of ourselves.

All the past collapsing onto ourselves puts more pressure on us, our family and our world.

Our family background/religious history have these vibrations.

We have experienced everything - all emotions - all energy of all creation. Each of us is in the vibrations of our present life. Each vibration has mixed with vibrations from each of our other lives.

Pieces of ourselves stuck in old patterns.

IF WE NO LONGER HAVE A PAST, WE BECOME INVISIBLE TO ITS' ENERGY.
